

BENEFITS OF PAVEMENT COATING

ARE YOU COVERED?

Pavement is relied on every day to get the masses where they're going. But how can your pavement investment be protected and maintained? Similar to how paint protects wood siding on a house, sealcoating protects, preserves and makes routine maintenance easier for pavement while adding value.

COST SAVINGS

Applying sealcoating as part of a maintenance program lowers expenses over time

Decreases raveling in pavement

Lengthens time between repaving and overlays

WEATHER PROTECTION

Protects from

OXIDATION

UV RAYS

FREEZE / THAW

WATER

Accelerates melting process of snow/ice

CHEMICAL PROTECTION

Protects from

OIL

GASOLINE

CAUSTIC PRODUCTS

ROAD SALTS

IMPROVED APPEARANCE

Smooth, non-porous surface

Cleaner appearance

Hides small cracks and rough patches

Makes painted lines more visible

Prevents color fading with superior sun-blocking properties

BE INFORMED. SEAL SUCCESS.
